The Chairman of the former standing committee directed the present one to Mr Knighton of Princeton, as the person from whom he should receive the republications of foreign reviews. We hold his receipt for the London, Edinburgh, Foreign & Westminster Reviews, & for the London Christian Observer & the Am. Quar.r Register bearing date 6th Jan.y 1844. The last of these,- Am. Quarterly Register has not as yet been received. Mr. Knighton, being inquired of about it a few weeks ago, said,- he forgot all about it. Your Committee would therefore recommend to their successors to see that it be brought into the Reading Room ✻ Your Committee would now conclude their report, with stating, that the reading room has, on the whole been much improved by the many & valuable additions made to it, during the time of their service,- & they feel gratified, that instead of leaving the Society a Debtor they leave it a Creditor to a large amount.
